

# Cbite Epox-it™

## Material Safety Data Sheet

### Chemical Product/Company Identification

#### Material Identification

Corporate MSDS Number : CBI00E1

#### Company Identification

Manufacturer

Cbite, inc.  
4270-L Henninger Court  
Chantilly, VA 20151

Phone Numbers

Product Information: +1 703-378-8818

### Composition

Material contents of this product is considered proprietary information. However, the material contents of this product is not known to contain toxic chemicals under section 313 of Title III of the Superfund Amendments and Reauthorization Act if 1986 and 40 CFR part 372.

### Hazards Identification

**Hazard Class: 0, non hazardous**

**Health Risk:** This product is not for human consumption. If swallowed, immediately give 2 glasses of water and induce vomiting. Normal adequate ventilation is recommended.

The compound is not a skin irritant in its current concentration. Wash hands normally after contact. In case of eye contact, flush with plenty of water.

This product is not meant to be heated above 400 degrees C (750 F). Inhalation of fumes from overheating may cause polymer fume fever, a temporary flu-like illness with fever chills and sometimes cough, of approximately 24 hours duration.

**Carcinogenicity Information:** None of the components present in this material at concentrations equal to or greater than 0.1% are listed by IARC, NTP, OSHA or ACGIH as a carcinogen.

**Combustibility:** Non combustible

### Stability and Reactivity

**Chemical Stability:** Stable at normal temperatures and storage conditions.
